

Claudette Leeming
Class of 1991
Committee Member

Since leaving Lauriston Claudette completed a BA Interior Design at RMIT in 1995. Claudette has worked within the design industry ever since, specialising in workplace strategy and design. Claudette has had her own business, been in partnership, as well as led larger practices.

In 2015 Claudette moved over to the client's side to take up the role as Head of Workspace at Australia Post, leading the strategy for corporate accommodation nationally and implementing large scale organisational change. Her role has since evolved to Head of Property Strategy and Performance across Australia Post's large and diverse property portfolio.

Claudette married Mark Suttie in 2000 and they have two daughters at Lauriston, Eleanor (Year 9) and Maddie (Year 6).

Claudette is looking forward to working with the Committee to continue to evolve the relevance of the OLA to the Lauriston alumnae. Claudette believes there is a great opportunity to strengthen connections across the Lauriston network, beyond the focus on immediate peer groups. "We all have a lot to offer each other in terms of our professional and life experiences, as well as strengthening the way we as a community support and promote each other, she says. Lauriston taught us to be strong and empowered women, and harnessing that collective spirit, coupled with leveraging our knowledge and experiences since leaving school, presents formidable untapped potential."
